

How do we
proactively
invite EVERY
Church?

Communication!
Knowing more
(timetable, etc) +
how to be involved
(eg: at The Space)

Wouldn't it be
cool if we could
say to the
community –
EVERY church
in Whitehorse...

Church leaders praying monthly
– first Thursday breakfast

Amen!

Working Together to live out the Gospel in Whitehorse

Alternative:

Gospel,
replaced 'be'

Togetherness – sharing
news between churches of
special events in support of
community needs

Alternative:
Every Church
working together
to care for those
in Whitehorse?

Should we be working on how we
decrease the end dependency on

Become 'One' in more practical ways

What does **Kingdom** look like in Whitehorse?

Potential to leverage initiatives, while challenges + costs in co-ordinating

With **communication** to help us know what we can do together

in Whitehorse

And **Beyond!**

The growing challenge of financial hardship in our community

¼ of 65+ living in poverty!?

The Space =
a tangible expression
of WCC values/
mission/future

Not a recruitment drive... we are driven
by relationships!
Being relational is what enables church led
ministries and care projects

Love the emphasis on relationship –
networking + allowing the Spirit room
to lead us

Importance of church leaders
being intentional about
building meaningful
relationships (not only relying
on the breakfast moments)

Pastors
collaborating

We can achieve more
together than any of us
can individually

Collaboration
Spirit moving!
Impact!

The beauty of
collaboration

Networking/Collaborating
brings Kingdom impact

We are stronger all
working together

Laughter!

Love the videos +
tools to
communicate

Co-operation is vital;
communication
between leaders +
volunteers

Communication!

- Regular

What stands out most for me?

Church leaders to visit The Space – get to know what goes on + tell their congregations

Loving others; **no judgement**

Building connections + **innovating**

Praying together

Promoting to church WCC opportunities

Encouraging my church to get involved

Engaging with scripture

Presence
through
The Space

What's my part? ...my church's part?

**Resourcing
Joint
Projects**

The Space as a practical expression + channel for Kingdom growth

Engaging with food security

Togetherness
**Food Supply
Communication**

Supporting with financial resource + volunteer resource – we don't all generate the activity; we can all support it

I'd love our church to catch more of this vision and participate in it... not sure yet about God's process to get us there...
